2024 BOARD PRESIDENT AND TOWNSHIP MANAGER UPDATES

A MESSAGE FROM THE PRESIDENT

I am both honored and pleased to have been elected by my colleagues to a second term as Board President. 2023 was an active year for the Township and 2024 will certainly follow suit. In the last year, we completed a multi-year strategic plan, a recreation, park, and open space plan, a stormwater management plan, an economic redevelopment study, and a pavement management plan. We are grateful to the many residents and Township staff who dedicated their time and energy to complete these thoughtful plans which are interrelated and will serve as a guiding force for the action of the Board in 2024. As I wrote last year, our goal is to achieve sound public policy through the integration of these efforts.

As noted in the Manager's message, we were able to balance the 2024 budget without raising taxes for the second consecutive year. This is a testament to the thoughtful leadership of the Manager and his Department Directors and to the commitment of the Board of Commissioners to maximize the tax dollars provided by our residents to their highest and best use.

Last year, we also created the Economic Development Corporation, which will be a vehicle to maintain existing business communities, support small business owners, enhance downtown centers and drive smart, targeted economic development within the Township. The end goal is to ensure that we maintain and enhance the quality of life that has been a distinguishing feature for the Township and one that has led us to be named one of the top communities to live in the country.

Communities are strongest when residents are engaged in the life of the community. We encourage you to [learn more](#) about volunteer opportunities through our various boards, commissions, committees and councils at www.abingtonpa.gov/BCCC. We invite you to share your thoughts, questions, and ideas with the Board of Commissioners at any time through the Contact Your Commissioner function on the Township website at www.abingtonpa.gov/BOC or by emailing publiccomment@abingtonpa.gov.

The Board of Commissioners is excited about the work that lies ahead in 2024, and we look forward to working with you to ensure that Abington remains a place that people want to call home and make memories that will last a lifetime.

Best Regards,
Thomas Hecker

A MESSAGE FROM THE TOWNSHIP MANAGER

The Fiscal Year (FY) 2024 Township Budget, as presented, holds the current total property tax rate at 5.922 mills, with general fund revenues and expenditures balanced, and wastewater and refuse fees remaining unchanged. The 2024 fiscal plan continues to achieve fund equity at an unrestricted fund balance reserve of three months of operating expenditures and increases our cash reserve beyond previous projections and above fund balance policy requirements, with an FY 2024 balance available for allocation after reserves of \$10,363,861.

The total FY 2024 budget for all operating and capital funds is \$77,343,126, with the general fund totaling \$47,358,059, all other operating funds totaling \$19,747,056, and the general fund improvement capital fund totaling \$6,452,040. FY 2024 general fund expenditures are greater than FY 2023 by \$3,335,357, and all other operating funds are greater than 2023 by \$588,952. FY 2024 general fund revenues are greater than FY 2023 by \$3,335,357. The Township has been granted funds under the American Rescue Plan Act of 2021 (ARPA) and proposes predominately utilizing the funds received for very specific previously approved select projects and establishes a Culture, Recreation and Parks Infrastructure Investment set aside to be committed in accordance with ARPA guidelines. The ARPA funds will also be used over the next two years to provide seed funding for the Economic Development Corporation and support at the same funding level for the Second Alarmers Rescue Squad (SARS).

The FY 2024 budget demonstrates our commitment to excellence and the resilience of countless dedicated employees and citizen volunteers in continuing their mission of SERVICE (Sustainability, Excellence, Respect, Vision, Integrity, Commitment, and Engagement). It seeks to implement several years of planning and continuous improvement and to build on successful initiatives aligning with the priorities set forth by the Board of Commissioners and the public through the Strategic Planning process. The established culture of excellence in service delivery across all departments will profoundly impact our Township, its infrastructure, and how we conduct business for many years to come.

Respectfully,
Richard J. Manfredi

PARKS AND RECREATION REGISTRATION INFORMATION

REGISTER EARLY FOR PROGRAMS

Nothing stops a program in its tracks faster than everyone waiting until the last minute to register. Many of our programs need a minimum number of participants to run, so a program may be canceled if there are not enough registrants. A minimum number of participants must be reached at least one week prior to the program beginning. Registration for these programs are to be completed on their individual websites: Soccer Shots (www.soccershots.org), Challenger Sports (<https://challengersports.com>), and i9 Sports (www.i9sports.com).

REGISTRATION POLICY

Please complete the registration and waiver forms on PAGES 38 - 41 or [REGISTER ONLINE](http://www.abingtonpa.gov/PRregistration) at www.abingtonpa.gov/PRregistration. You will not receive a confirmation unless otherwise noted. Registrations without accompanying fees will NOT be accepted. If you mail a registration in, the registration will be entered at the end of the work day. Non-residents may have a delayed registration start date and/or a higher registration fee.

AIKIDO

Aikido is a Japanese martial art developed by Morihei Ueshiba; his goal was to create an art that practitioners could use to defend themselves while also protecting their attackers from injury. Because the aikido curriculum consists of throws, beginners learn how to safely fall or roll. The specific techniques for attack include both strikes and grabs; techniques for defense consist of throws and pins. After basic techniques are learned, students study freestyle defense against multiple opponents, and techniques with weapons. Aikido related training emphasizes the use of coordinated whole-body movement and balance similar to yoga and Pilates.

The specific techniques for attack include both strikes and grabs; techniques for defense consist of throws and pins. POLICE EVENTS

CITIZENS POLICE ACADEMY

Each year the Abington Police Department offers a Citizens' Police Academy (CPA). In the program, Township residents meet on a weekly basis with Police Officer instructors for lessons on various aspects of the law enforcement profession. Subjects include criminal and traffic law, the police role in the judicial process, APD equipment, training, resources and limitations of the Police Department. In return, the instructors often find a newly-developed law enforcement awareness among participants, as well as an increased sensitivity to the challenges of 21st century policing. The increased citizen-police understanding that results from the close interaction of the CPA environment is an excellent vehicle for building bridges between the police and the community.

Not surprisingly, program alumni often volunteer to assist with future projects for APD and the community. Graduates are also encouraged to participate as block captains leading their neighborhood to crime prevention information, awareness and educational programs. ROYCHESTER AND GROVE PARKS ENVIRONMENTAL IMPROVEMENT PROJECT COMING SOON

Abington Township (the Township) and U.S. Army Corps of Engineers (USACE) have partnered to design and implement the Abington Environmental Infrastructure Improvement Project (the Project) at Roychester and Grove Parks, a stream and habitat improvement project along Sandy Run Creek. Sandy Run Creek, part of the Wissahickon Creek Watershed, has been adversely affected by development over the past century, causing flash flood conditions with rapid stream flows, increased stream bank erosion, and habitat impairment. The purpose of the project is to stabilize, naturalize, and improve ecosystem function along Sandy Run Creek. Specific objectives include enhancing and restoring aquatic, wetland, and riparian habitat; improving infiltration of flood waters; stabilizing stream banks; reducing erosion; managing invasive species; and reconnecting floodplains.

In Roychester Park, the stream banks are severely eroded and disconnected from the surrounding floodplain. Additionally, invasive species and other factors reduce the quality of the habitat for birds, insects, fish, and other aquatic and wildlife species. The project will re-grade and stabilize the banks of Sandy Run Creek; replace and re-locate a sanitary sewer line out of the eroding stream bank; replace two in-stream culverts with steel footbridges; and plant native plants in riparian and upland portions of the park.

In Grove Park, the main section of the creek is channelized with concrete, which reduces the aquatic habitat value and increases water velocities during storms. The project will remove the concrete lining; disassemble gabion (rock-filled wire basket structures); re-grade the stream banks; grade a new tributary, which will receive water from a stormwater outfall; and plant native riparian and wetland plants.

Construction is expected to begin in Summer of 2024 and last a total of one year between the two parks. Please check the project website for updates: www.abingtonpa.gov/USACEproject.

The project is funded by the federal government (USACE) and the Township.

(L) Indicates facility is night lighted.
