

The stated meeting of the Board of Commissioners of the Township of Abington was held as a Zoom webinar and teleconference on Thursday, August 13, 2020 with President Spiegelman presiding.

CALL TO ORDER: 7:04 p.m.

ROLL CALL: Present via teleconference: Commissioners THOMPSON, BRODSKY, BOLE, CARSWELL, ROTHMAN, MYERS, ZAPPONE, BOWMAN, DiPLACIDO, WINEGRAD, VAHEY, SCHREIBER, HECKER, SPIEGELMAN
Excused: LUKER

Also present via teleconference:
Township Manager MANFREDI
Assistant Township Manager WEHMEYER
Township Solicitor CLARKE
Township Treasurer BLUMENTHAL

PLEDGE OF ALLEGIANCE

BOARD PRESIDENT ANNOUNCEMENTS:

President Spiegelman announced that on the agenda is an item to vote to accept the letter of resignation of Ward 5 Commissioner Wayne Luker who is not present tonight. We have known Commissioner Luker for a long time as he has the distinction of being the longest serving Commissioner in the history of Abington Township, 28 years and seven months, as well as the longest serving Commissioner in Ward 5 and the first African American Board President of the Board of Commissioners. His tenor is as historic as his impact on our Board and on our Township and we all want to thank him for it, so rather than pouring our hearts out when he is not here, later this month, we will have a special gathering of celebration where we can thank, honor and truly commemorate the amazing and transformative career of our dear friend, Commissioner Luker.

PUBLIC COMMENT ON AGENDA ITEMS:

Lora Lehmann, Meadowbrook, expressed concern about the amount of speaking time on agenda items and she asked about the number of vehicles that warrant a “Stop” sign on her street and for more information on agenda Item PA-01-081320.

Dawn Dieterly Rowe, North Hills, asked why the parking is being removed on Jenkintown Road as she lives there.

Commissioner Thompson said he will follow up with the resident and suggested amending the motion to remove that item.

CONSENT AGENDA:

MINUTES -

Vice President Hecker made a MOTION, seconded by Commissioner Bole to approve the minutes from the Board of Commissioners Regular Meeting of July 9, 2020.

MOTION was ADOPTED 14-0.

President Spiegelman corrected his earlier statement in that the late Commissioner Bill Dennis of Ward 5, predecessor of Commissioner Wayne Luker, was the first African American President of the Board of Commissioners.

UNFINISHED BUSINESS:

FINANCE COMMITTEE UNFINISHED BUSINESS:

Item FC-04-070920:

Commissioner Vahey made a MOTION, seconded by Commissioner Myers to approve a waiver request of the U.S. Department of Housing and Urban Development (HUD) for the Five Year Consolidated Plan for FFY 2020-2024; FFY 2020 CDBG Annual Action Plan; 2020 Analysis of Impediments to Fair Housing Choice and a Citizen Participation Plan.

President Spiegelman asked for any comments from Commissioners or staff.

Commissioner Vahey said this is an opportunity provided by the Federal government to file for an extension to provide the annual budget for CDBG funds and to take more time to consider all of the various options presented. He asked his fellow Board members to support this waiver and then take the next few months to discuss this budget in full.

Manager Manfredi said if the motion passes, Mr. Strother will immediately submit this request to HUD and extension for all three programs is expected to be granted up to August 2021.

MOTION was ADOPTED 14-0.

NEW BUSINESS:

BOARD OF COMMISSIONERS –

Item BOC-01-081320:

Vice President Hecker made a MOTION, seconded by President Spiegelman to accept the Honorable Wayne C. Luker's resignation effective August 13, 2020.

President Spiegelman said by Pennsylvania Law the Board of Commissioners must appoint a new Ward 5 Commissioner within 30-days and consideration will be at our next meeting. For those considering being the next Commissioner, there will be instructions on the Township's website www.abingtonpa.gov to submit letter of interest.

MOTION was ADOPTED 14-0.

Item BOC-02-081320:

Vice President Hecker made a MOTION, seconded by Commissioner Zappone to adopt Resolution No. 20-036 ratifying the Declaration of Disaster and State of Emergency from July 23, 2020 to August 13, 2020 and approving the Declaration through August 20, 2020.

President Spiegelman asked for any comments from Commissioners or staff. There were none.

MOTION was ADOPTED 14-0.

Item BOC-03-081320:

Vice President made a MOTION, seconded by Commissioner Schreiber to approve the stipulation to settle the matter of Old York LLC v. the Montgomery Assessment Appeals ET AL and authorize Wisler Pearlstine to sign the stipulation on behalf of the Township of Abington.

President Spiegelman called on Manager Manfredi.

Manager Manfredi said the County Board of Assessment hears appeals of property owners/taxpayers on a regular basis, and this particular request is not so much an appeal of an appraisal, but it is a request by the property owner to extend the schedule of payments by four months. Also, the School Board approved this item at its recently held meeting.

President Spiegelman clarified that this was also approved by the County. Is that correct?

Manager Manfredi replied that is correct.

President Spiegelman asked for any comments from Commissioners. There were none.

MOTION was ADOPTED 14-0.

Item BOC-04-081320:

Vice President Hecker made a MOTION, seconded by Commissioner Winegrad to approve the stipulation to settle the matter of BSC Jenkintown LP Baederwood Fairway LLC v. Montgomery Assessment Appeals ET AL and authorize Wisler Pearlstine to sign the stipulation on behalf of the Township of Abington.

President Spiegelman asked for any comments from Commissioners or staff. There were none.

MOTION was ADOPTED 14-0.

PUBLIC WORKS COMMITTEE NEW BUSINESS:

Item PW-01-081320:

Commissioner Rothman made a MOTION, seconded by Vice President Hecker to approve application and certification for payment No. 4 (final) in the amount of \$20,365.00, Change Order No. 1 credit of \$1,750.00 and the Certificate of Substantial Completion for Contract No. 151, Influent Pump Station Generator.

President Spiegelman asked for any comments from Commissioners or staff.

Commissioner Thompson asked what triggered the change order.

Mr. George Wrigley, Director of W.W.T.P., replied during work at the Influent Pump Station where two of the breakers were supposed to be replaced, there was an unforeseen condition of the equipment that would be a much larger scope of work that we do not want to include at this time, so that item was removed from this contract and he will follow up later with detailed specifications to correct the issue.

MOTION was ADOPTED 14-0.

LAND USE COMMITTEE NEW BUSINESS:

Item LU-01-081320:

Commissioner Thompson made a MOTION, seconded by Commissioner Winegrad to authorize the release of the performance security for Duke Real Estate Partners, LLC Land Development and authorize the Township Manager to sign accordingly.

President Spiegelman called on Manager Manfredi.

Manager Manfredi noted this is standard procedure for when a project is completed the applicant requests the line of credit to be released, which is authorized by the Board of Commissioners.

President Spiegelman asked for any comments from Commissioners. There were none.

MOTION was ADOPTED 14-0.

Item LU-02-081320:

Commissioner Thompson made a MOTION, seconded by Commissioner Winegrad to authorize the release of the performance security for Abington Friends School Land Development and authorize the Township Manager to sign accordingly.

President Spiegelman asked for any comments from Commissioners or staff. There were none.

MOTION was ADOPTED 14-0.

Item LU-03-081320:

Commissioner Thompson made a MOTION, seconded by Commissioner Schreiber to approve the Land Development application of JSF Management, LLC for the properties located at 1538-1546 Easton Road for lot consolidation and construction of a self-storage facility.

Mr. Matthew McHugh, Attorney, Klehr, Harrison, Harvey, Branzburg, LLP, representing the applicant, introduced Mr. John Alejnikov, P.E. Bohler Engineering, and stated that this is a lot consolidation and proposed development of a 90,000-plus sq. ft. self-storage facility with four stories above-ground and one below grade on two existing tracts located at 1538-1546 Easton Road. The applicant received variances from the Zoning Hearing Board in October 2019 for dimension related to the height of the building, landscaping and loading zone. We are taking two conforming properties consolidating them into one lot and developing it. In regards to the review letters; the applicant will comply with all items although there are waiver requests.

Mr. Alejnikov presented photos of existing conditions of the property showing the buildings, accessory structure and parking area with access from Easton Road. Currently, there is 7,000 sq. ft. of impervious surface and no existing stormwater management system onsite. Conceptual renderings were presented noting that final design may be somewhat different and the plan showed additional green space along with substantial landscaped buffering around the property and the stormwater management system will be an underground detention basin.

There were a number of comments in the MCPC letter in regards to streetscape of Easton Road frontage such as ADA compliant sidewalks in connection to the road; planters; a bench and trash receptacles.

Mr. McHugh added that the project is an improvement to the existing property and a permitted use within the zoning district and the streetscape amenities will benefit the site.

President Spiegelman asked for any comments from Commissioners or staff.

Commissioner Schreiber commented that as Commissioner of the ward, additional green space and stormwater management will be helpful for this site. Proposed building will be the highest on the entire corridor and she wants to be sure that the façade is attractive as possible. Concept rendering showed glass exterior and various building materials and could there be additional amenities to make it more visually appealing? Also, a Roslyn Streetscape Study specified a more village-type-walkable community.

Mr. McHugh noted that the applicant was granted relief from the ZHB for height elevation, and although it is a tall building, it may not have quite the stature due to the grading.

Mr. Alejnikov added that the upper northernmost corner is the highest point at an elevation of 295 and the lowest southernmost point elevation will be 277, so it is an 18 feet difference.

Commissioner Schreiber questioned whether the property will be graded down or will the other property be built higher and what about access to the site and the parking area.

Mr. Alejnikov replied all grades will tie into existing surrounding properties. There is one access to the site and the only parking is on the side of the building, and in the back of the property is a pervious pavers system for fire truck access if needed.

Mr. McHugh added that it was reviewed with the Fire Marshal about having access to three sides of the building. We are committed to building something that is visually appealing and the architecture of these new self-storage buildings is consistent with main street-type districts. The conceptual drawing shows what it is supposed to look like although there may be minor revisions during building permit process or the operator who maintains the site may have some specific requirements; however, we understand the importance of having a visually appealing building along Easton Road.

Commissioner Schreiber clarified that the operator should be contacted about any property maintenance issues. Is that correct? Also, what are the hours of operation?

Mr. McHugh replied yes.

Mr. Randy Jones, representing the applicant, replied office hours are 9 a.m. – 5 p.m. Monday through Saturday and 11 a.m. – 3 p.m. on Sunday and access hours for customers are from 6 a.m. – 10 p.m.

Commissioner Thompson said in regards to waiver request for fire truck access; will the parking spaces behind Interstate Signs be utilized if there is an issue?

Mr. McHugh replied code requires for a building of this height that there should be two access points and the applicant is seeking a waiver from that requirement. The plan was reviewed by the Fire Marshal who indicated that Easton Road, the drive isle and pervious pavers behind the building are adequate access points, and there is an email confirmation that was included in the Board's packet.

Commissioner Thompson said there is another waiver request from "Section 146-25 D. to permit curb line to have a rounded tangential arc of radius of 15 feet in-lieu-of required 20 feet," and why is the curb being cut there? He is concerned about trucks jumping the curb and potentially breaking up the sidewalk.

Mr. Alejnikov replied in order for trucks to enter/exit safely we provided truck turning movements as part of the engineering review, and it is sufficient.

Commissioner Thompson continued that this building will be located in the MS-H Zoning District and the zoning code includes recommendations for aesthetics. Also, he suggested carrying the horizontal line across the building to breakup the scale and he looks forward to seeing refined elevations.

Commissioner Myers asked for the number of units so as to determine the amount of traffic and will there be different sizes? Also, will there be a dumpster for trash?

Mr. McHugh replied there will be different sizes. Trash enclosure will be located at the corner of the property.

Mr. Alejnikov added there will be up to 800 units. Self-storage buildings are one of the lowest traffic impact uses in the district.

Commissioner Schreiber said she feels this will be an improvement to the site including the additional green space. She requested that the applicant keep with the renderings as presented as well as consider suggestions made by Commissioner Thompson to make the building have more curb appeal, which is very important.

MOTION was ADOPTED 14-0.

PUBLIC SAFETY COMMITTEE NEW BUSINESS:

Item PS-01-081320:

Commissioner Schreiber made a MOTION, seconded by Commissioner DiPlacido to promote Officer Troy Hummel to the rank of Probationary Sergeant effective August 31, 2020 providing he successfully completes the remaining portions of the promotional process.

President Spiegelman asked for any comments from Commissioners or staff. There were none.

MOTION was ADOPTED 14-0.

Item PS-02-081320:

Commissioner Schreiber made a MOTION, seconded by Commissioner Myers to adopt Resolution No. 20-037, Police Traffic Services Enforcement Grant.

President Spiegelman asked for any comments from Commissioners or staff. There were none.

MOTION was ADOPTED 14-0.

Item PS-03-081320:

Commissioner Schreiber made a MOTION, seconded by Commissioner Thompson to approve experimental “Stop” signs on Pine Avenue at Hamel Avenue.

President Spiegelman asked for any comments from Commissioners or staff.

Commissioner Thompson noted that there was supposed to be an experimental “Stop” sign added to the motion at the intersection of Walnut and Ruscombe Avenues in North Hills.

Commissioner Thompson made a MOTION to AMEND the MOTION, seconded by Commissioner Schreiber to add experimental “Stop” sign at the intersection of Walnut Avenue and Ruscombe Avenue.

MOTION to AMEND the MOTION – PASSED 14-0.

Commissioner Thompson said in regards to experimental “Stop” sign at Pine and Hamel Avenues; all other roads that “T” into Hamel has “Stop” signs and Pine does not, so this would improve the safety of that intersection making it more consistent with the other intersections. The intersection of Walnut and Ruscombe Avenues is a noted cut-thru street where traffic tries to avoid a traffic light on Pennsylvania and North Hills Avenues, and he asked for the Board’s support for upgrades to both intersections to make it safer.

MOTION as AMENDED – PASSED 14-0.

Item PS-04-081320:

Commissioner Schreiber made a MOTION, seconded by Commissioner DiPlacido to advertise Ordinance No. 2176, amending Chapter 156 – “Vehicles and Traffic,” Article II – “Traffic Regulations,” Section 14 – “Stop Intersections,” and Article III – “Parking Regulations,” Section 25 – “Parking Prohibited At All Times; No Parking Here To Corner; Parking Prohibited Except Certain Hours; No Stopping or Standing,” – Section 28 – “Special Purpose Parking Zones,” to add “Stop” intersections on Ardsley Avenue at Sylvania Avenue, Ambler Road at Shoemaker Road, Clayton Road at Shoemaker Road, Watson Road at Shoemaker Road and Rowland Road at Shoemaker Road, add “No Parking” on Nylsor Avenue – south side and Jenkintown Road – south side and add “Handicapped Parking” on Tyson Avenue in front of 782 and 1024.

President Spiegelman asked for any comments from Commissioners or staff.

Commissioner Thompson made a MOTION to AMEND the MOTION to strike “No Parking from the south side of Jenkintown Road,” seconded by Commissioner Zappone.

MOTION to AMEND the MOTION – PASSED 14-0.

Commissioner Carswell commented that Shoemaker is a challenging road for traffic in Ward 10 and several neighbors have asked for help over the past few years, so the proposal is for installation of a number of “Stop” signs in this area, and she asked for the Board’s support.

MOTION as AMENDED – PASSED 14-0.

PUBLIC AFFAIRS COMMITTEE NEW BUSINESS:

Item PA-01-081320:

Commissioner Bowman called on Solicitor Clarke.

Solicitor Clarke said this is in regards to shutting down concession stands at the Township pools this summer due to COVID-19 pandemic; Mr. Leheta was awarded a three-year contract to operate the concession stands, and when they were shutdown, Mr. Leheta contacted Township Solicitor’s Office asking for certain concessions in which the Township did not agree to and then requested that the contract be extended for one additional year – 2021-2022 and that was denied.

Mr. Leheta and his attorney then filed declaratory judgment and injunctive relief by the Montgomery County Court of Common Pleas for the Township to allow him to operate the concession stands. There was a conference call with Judge Saltz who then scheduled a hearing although expressed that the matter should be resolved.

In the interim, Mr. Leheta backed down from a few of his demands, and following further discussion, a settlement agreement was reached with Mr. Leheta and the Township. A decision on the matter needed to be provided to Judge Saltz prior to the hearing, so Solicitor Clarke reached out to the Board of Commissioners and received affirmative responses from nine Commissioners to settle the matter. Judge Saltz was informed that the matter was resolved and this is a motion to ratify mutual release and settlement agreement. Also, Mr. Leheta has not received any money from the Township and the three-year contract will be spread out over a four-year period.

President Spiegelman asked for any comments from Commissioners or staff.

Commissioner Zappone said he will abstain from voting due to the fact that he was never informed about opening of the pools or voted on it.

Solicitor Clarke explained that an abstention can only be when there is a conflict of interest and Commissioner Zappone will need to vote “yes” or “no” on this matter.

Commissioner Myers commented that she does not know how many Commissioners were consulted about opening of the pools, and she hopes this never happens again on anything similar to this, but all of the Commissioners should have been included in the decision. Had more been included, perhaps we would have had the foresight to see what to do about the vendor. Also, some of the Commissioners were on vacation and there was a very short window to respond, and she does not want anyone to think that there were Commissioners who were neglectful.

Solicitor Clarke said this occurred very quickly, and he was not inferring that five Commissioners did not do their duty, so if he gave that impression, he apologizes.

President Spiegelman noted that the decision to open the pools was administrative and not a legislative decision by the Board of Commissioners.

Commissioner Bowman made a MOTION, seconded by Vice President Hecker to ratify the Mutual Release and Settlement Agreement between Mokhtar Leheta and the Township of Abington.

Commissioner Zappone stated that an administrative decision was made to open the pools, but no administrative decision was made to open the Ardsley Community Center, and by not opening it, the Township is losing a lot of revenue.

MOTION was ADOPTED 13-1. Commissioner Zappone opposed.

Manager Manfredi clarified that when the State went into the “green phase,” the Governor allowed pools to open and there were many requests for the pools to be opened. There was a lot of discussion that convinced him to open the pools and it was not a decision that he made on his own as there was consultation with elected officials. Regarding the community center; it is indoors and there is shared use of the daycare.

FINANCE COMMITTEE NEW BUSINESS:

Treasurer’s Report:

Commissioner Vahey noted that the Treasurer’s report is attached to the agenda.

Township Treasurer Jay W. Blumenthal said real estate taxes are ahead of last year by approximately \$755,000 with 97% collected and monies deposited into Republic Bank are ahead of last year by approximately \$3,283,000 because payment due dates were pushed back later into July.

Item FC-01-081320:

Commissioner Vahey made a MOTION, seconded by Commissioner Myers to approve the June 2020 expenditures in the amount of \$1,438,407.11 and salaries and wages in the amount of \$1,935,677.90, and authorize the proper officials to sign vouchers in payment of bills and contracts as they mature through the month of September 2020.

President Spiegelman asked for any comments from Commissioners or staff. There were none.

Roll call resulted in motion being passed 14-1. Commissioner Luker was absent during roll call.

Item FC-02-081320:

Commissioner Vahey made a MOTION, seconded by Commissioner Winegrad to approve the Travel Expense activity for June 2020. Travel Expenses were (\$226.44) and the six-month expenses totaled \$10,792.36.

President Spiegelman asked for any comments from Commissioners or staff. There were none.

MOTION was ADOPTED 14-0.

Item FC-03-081320:

Commissioner Vahey made a MOTION, seconded by Commissioner Winegrad to approve the Clearing Fund, the Deferred Revenue/Expense activity and Petty Cash balances for the month of June 2020. Clearing Fund receipts and disbursements for the month of June 2020 were \$20,432.08 and (\$4.50), respectively. Deferred Revenue/Expense receipts and disbursements for the month of June 2020 were \$0.00 and (\$20,925.00), respectively.

President Spiegelman asked for any comments from Commissioners or staff. There were none.

MOTION was ADOPTED 14-0.

PUBLIC COMMENT:

Lora Lehmann, Meadowbrook, expressed concern about the speaking time on agenda items; also about not having information regarding the settlement matter; the access for fire trucks at the self-storage building; no information on the 2021 budget and she asked how the Covanta Transfer Station will work and who it will effect.

Cakky Evans commented that she is sad about Commissioner Luker resigning and she enjoyed working with him and he will be missed. The Pennsylvania Department of Environmental Protection will announce tomorrow that Abington Township is one of 20 municipalities selected across the Commonwealth in regards to energy efficiency and climate protection, and she thanked Manager Manfredi and Ashley McIlvaine.

Manager Manfredi said in regards to the settlement matter; there is an Executive Summary and all documents relating to it are attached to the agenda.

With respect to the 2021 budget; the Board of Commissioners extended deadlines for property taxes as well as Business Privilege and Mercantile Taxes until July 15th, and because those revenues just began coming in and being accounted for, the budget process will be delayed; however, forecasting and modeling have begun for next year. We will get back on track with proposed preliminary budget sometime in October/November.

In regards to the transfer station; it was a public bidding process that included lengthy bid documents and a thorough presentation was made by the team who indicated that the operating agreement going forward is similar to the existing one.

ADJOURNMENT: 8:41 p.m.

Respectfully submitted,

Liz Vile, Minutes Secretary

Resolution No. 20-036 and Resolution No. 20-037 were adopted by the Board of Commissioners on August 13, 2020.

RESOLUTION # 20-036 DECLARATION OF DISASTER AND EMERGENCY

August 13, 2020

WHEREAS, COVID-19 has been declared by the World Health Organization and the Centers for Disease Control and Prevention a “public health emergency of international concern”; **and**

WHEREAS, both the Commonwealth of Pennsylvania and Montgomery County have declared a state of emergency due to the identification of COVID-19 infected citizens; **and**

WHEREAS, on or about March 16, 2020 COVID-19 has caused or threatens to cause injury, damage, and suffering to the persons and property of Abington Township; **and**

WHEREAS, this incident has or is about to continue endangering the health, safety and welfare of a substantial number of persons residing in Abington Township and threatens to create problems greater in scope than Abington Township may be able to resolve; **and**

WHEREAS, Section 74-2.A of the Code of Ordinances of the Township of Abington requires that the Board of Commissioners ratify a Declaration of Emergency within seventy-two (72) hours; **and**

WHEREAS, emergency measures are required to reduce the severity of this disaster and emergency to protect the health, safety, and welfare of affected residents in Abington Township;

NOW, THEREFORE, pursuant to the provisions of Section 7501 of the Pennsylvania Emergency Management Services Code, 35 Pa. C.S.A, Section 7101 et seq., do hereby declare the existence of a disaster emergency in Abington Township and pursuant to the provision of Chapter 74 - Public Emergencies in the Abington Township Municipal Code, the President of the Board of Commissioners of the Township of Abington is authorized to declare a state of emergency and take any one or more of the specified measures per the legislation, and that the state of emergency in Abington Township is extended, the seventy two (72) duration requirement is waived, and the disaster declaration is affirmed for an additional seven (7) days subject to ratification by the Board of Commissioners at a future date.

FURTHER, the Abington Township Emergency Management Coordinator is directed to coordinate the activities of the emergency response, to take all appropriate action needed to alleviate the effects of this disaster, to aid in the restoration of essential public services, and to take any other emergency response action deemed necessary to respond to this disaster emergency.

STILL FURTHER, the Abington Township Manager is to act as necessary to meet the current exigencies as legally authorized under this Proclamation, namely, and to include, by the employment of temporary workers, by the rental of equipment, and by entering into such contracts and agreements as may be required to meet the emergency, all without regard to those time consuming procedures and formalities normally prescribed by law, mandatory constitutional requirement excepted.

STILL FURTHER, the Board of Commissioners hereby waives the provisions of Section 74-2.A of the Code of Ordinances of the Township of Abington to the extent that ratification of the declaration of emergency is required within 72 hours of the declaration, and to the extent that further formal ratification is required pursuant to the Township Ordinance.

This declaration shall take effect immediately this thirteenth day of August 2020.
