PLEDGE OF ALLEGIANCE

BOARD PRESIDENT ANNOUNCEMENTS:

President Spiegelman announced that an Executive Session was held on Tuesday, August 25, 2020 for the purpose of discussing a legal matter. Also, following presentation on Red Light Cameras, Township Manager Manfredi will give a presentation on the Public Participation Policy. Also, Commissioner Vahey and he will be hosting another public information session on the proposed Township's Economic Development Corporation on September 23, 2020 at 6:30 p.m. There is a Zoom link on Township website and information can be found at www.abingtonpa.gov/edcorp.

PRESENTATIONS:

Automated Red-Light Camera Program Power Point Presentation:

Lt. Chris Porter said ordinance for the Red-Light Camera program is up for renewal in November and he will provide data gathered over the past six years since this program has been implemented. Program goals have always been to increase the safety at the hazardous intersections and that includes reduced crashes and crashes with injuries as well as reducing fatalities, and those intersections are Old York Road/Susquehanna Road; Old Welsh Road and Old York Road and Moreland and Fitzwatertown Roads.

The cameras at the intersection of Moreland and Fitzwatertown Roads are only enforced in two directions because that intersection is shared with Upper Moreland Township, so the cameras are enforcing northbound traffic on Fitzwatertown Road and eastbound on Moreland Road. The average daily traffic at those intersections is significant. Statistics of the red-light camera program after implementation showed a 40% overall reduction in crashes at the intersections combined, and for crashes involving injuries or fatalities, there was a 34% reduction. Total violations from August 2014 - July 2019 were 30,887 or 83% and they were from non-residents. Videos of crashes at the intersections were presented.

The program has been and will remain a no-cost program for the Township and the Township has been reimbursed \$321,505 for administrative fees. The cameras provide a means of enforcement and increases safety at these intersections.

President Spiegelman asked how does the 34% reduction compare to red light camera programs in other communities and/or other states?

Lt. Porter replied they are comparable, and Abington was fortunate that we did not receive an initial spike in rear-end crashes as some other communities did when their program was first implemented.

Commissioner DiPlacido questioned whether the six-year timeframe of the program includes March 2020 until now because there has been significantly less traffic during that time.

Lt. Porter replied yes, it does include that time when there was a decrease in traffic, but it has increased back to the same amount prior to March.

Commissioner Myers commented that she received a call from an Upper Moreland Township resident asking when their side will get red light cameras.

Presentation on Public Participation Policy:

Manager Manfredi said several years ago, the Board began increasing efforts in communication with the public to gain more input, and the public participation policy is in response to comments made by regular attendees as well as Commissioners who would like to have more time for comments earlier in the process of any matter that would come before the full Board of Commissioners. A policy has been created to expand public participation increasing time to speak and changes the process making it more communicative for citizens to participate and have more time for dialog with their elected officials.

A Committee of the Whole has been created where all of the Board members would meet to discuss all business matters such as an agenda session at the beginning of the process to allow vetting of important issues as they first come into the system.

The Committee of the Whole will hear and discuss the business matters and decide whether it is routine and noncontroversial and can be placed as an agenda item at the Regular Board of Commissioners meeting or is it something that may require further study/discussion and that would then go to Finance or other committees.

This also sets up the creation of select Ad-Hoc Committees should there be a need to study a matter and it makes formal the process for informational meetings both administrative and legislative. All business matters can be sent back to the Committee of the Whole by the Board of Commissioners.

Also, instead of having one week between committee meetings and the Board meeting, there will be an additional three weeks, so there would be more time for interaction with the public to help them understand the issues.

This resolution establishes a standard of operation for Township meetings to provide consistency and transparency to the public and the policy is concise as to what is required for all matters that come before the Board. It also increases public participation by creating this new committee consisting of all members of the Board and provides three additional weeks for the public to be made aware of and comment on Township business that will be considered by the Board at its regular meetings. It increases citizen speaking time by five (5) minutes on any matter their elected representatives will be voting on through the creation of the new committee. It enables the creation of special, standing and Ad-Hoc committees to provide an additional forum for public discussion in the vetting of business to be considered by the Board. It also increases twoway dialog with the public and Township using public information meetings as a new standard of business on significant matters of public interest that come before the Board. It creates a comment and response document for public information meetings that will address resident's comments in advance of the Board's vote. It also establishes administrative informal meetings as a new standard of meetings that affords the public the opportunity to discuss proposed initiatives, projects and matters with Township administration prior to Board consideration.

Any video of a Board of Commissioners meeting would only be discarded by a vote of the Board of Commissioners at a public meeting. The minutes are the official record of the Board of Commissioners just like many municipalities throughout the Commonwealth of Pennsylvania.

PUBLIC COMMENT ON AGENDA ITEMS:

Walter Draving, Meadowbrook, expressed concern about a presentation being made on a resolution "20 minutes" before the vote; also about "crafting" public speaking rules without consulting the residents; and legislation that residents do not like such as the EDC.

Lora Lehmann, Meadowbrook, expressed concern about the amount of speaking time on agenda items; about "the minutes not reflecting what happened at the meeting and they are a shorter version" and that a full transcript, video and audio should be kept of the meeting. Also, the "presentation did not include an explanation of what the Committee of the Whole is," and she asked for the policy to not be voted on.

Natalie Sherstyuk, Crosswicks, expressed concern about making changes to a policy of any kind during COVID measures that is not a priority and "the public policy change was not shared with the public until the agenda came out days before the meeting without public input." She asked for the public participation policy item to be removed from the agenda and not be voted on.

CONSENT AGENDA:

Vice President Hecker made a MOTION, seconded by President Spiegelman to approve Items a. – d. as listed under Consent Agenda as follows:

Vice President Hecker made a MOTION, seconded by Commissioner Winegrad to adopt updates and revisions to the Full and Part-Time Non-Union (Salary/Clerical) Employee Handbooks.

President Spiegelman asked for any comments from Commissioners or staff.

Vice President Hecker clarified that these updates are at the advice of labor counsel. Is that correct?

Manager Manfredi replied that is correct. Labor counsel reviewed and revised it to best protect the Township as well as the employees.

MOTION was ADOPTED 15-0.

Item BOC-04-091020:

Vice President Hecker made a MOTION, seconded by Commissioner Schreiber to authorize the Township Solicitor to defend currently anticipated litigation of the Abington Township, Non-Combustible Ordinance and approve up to \$15,000 from the contingency fund for legal fees for the defense.

President Spiegelman asked for any comments from Commissioners or staff.

Commissioner Zappone asked for the language of the motion to be amended to add the word "uphold" so the motion would read in part: "To authorize the Township Solicitor to uphold and defend currently anticipated litigation of the Abington Township, Non-Combustible Ordinance."

Solicitor Clarke replied if Commissioner Zappone would like to add the word "uphold" and majority of the Board agrees, he can do so.

Commissioner Myers clarified that Commissioner Zappone can make a motion to amend that language. Is that correct?

Solicitor Clarke replied yes, a motion and a second on the motion to amend the language is needed.

Commissioner Zappone made a MOTION to AMEND the MOTION to add language that says, "To authorize the Township Solicitor to uphold and defend currently anticipated litigation of the Abington Township, Non-Combustible Ordinance and approve up to \$15,000 from the contingency fund for legal fees for the defense," seconded by Commissioner Myers.

Commissioner Winegrad asked Solicitor Clarke to explain the motion so the public understands it clearly.

Solicitor Clarke explained that there is a proposed development in the Township and the applicant is challenging the Township's Non-Combustible Ordinance and plans to file in the Montgomery County Court of Common Pleas within the next few days. This is an attempt to try to have the Township repeal its ordinance and they were informed the Township will not be repealing its ordinance, so the Board of Commissioners is authorizing Township Solicitor to defend this litigation and its Non-Combustible Ordinance.

Commissioner Bowman clarified the Solicitor does not have the power to uphold the ordinance. The judge has the power to uphold or dismiss it and the Solicitor only has the power to defend it.

Commissioner Zappone said if it is not against the law, then it can be added.

Commissioner Myers said the residents should know that the reason the Township is asking the Solicitor to defend the ordinance is because it is one of the most important ordinances the Township has for the prevention of fires. It is worth defending, and the Board sincerely hopes that Township Solicitor defends it to the best of his ability.

Commissioner Rothman said he is ok with voting for the amendment; however, only the court can make the change.

President Spiegelman said the noncombustible ordinance is a building code ordinance pertaining to what types of materials are used for the construction of buildings of a certain height. Township Solicitor will defend making the case that the Township should be able to retain its Non-Combustible Ordinance.

Commissioner Schreiber suggested the language say, "The Township of Abington would like to uphold its Non-Combustible Ordinance and the Board is passing a motion to authorize Township Solicitor to defend current ordinance."

Solicitor Clarke replied he is duty-bound to zealously represent the Township and he does not uphold ordinances, he defends them; however, adding that language will not negatively impact the motion and it does not put any further responsibility on him although Commissioner Schreiber's suggestion of the language change is valid. The language as suggested by Commissioner Zappone does not change his ethical obligation and it is more of a statement of intent on behalf of the Board of Commissioners, and he is fine with it.

MOTION to AMEND the MOTION – PASSED 15-0.

MOTION as AMENDED – PASSED 15-0.

Item BOC-05-091020:

Vice President Hecker made MOTION, seconded by Commissioner Vahey to adopt Resolution No. 20-039 establishing the Township of Abington, Board of Commissioners Policy on Public Participation; Policy to expand public participation.

President Spiegelman asked for any comments from Commissioners or staff.

Commissioner Zappone said if there will be an additional meeting for residents as well as five extra minutes to speak on agenda items, then he does not see a problem with it.

Commissioner Bowman agreed with Commissioner Zappone. He thanked Manager Manfredi for undertaking this and he fully supports it.

Commissioner DiPlacido asked for further explanation for the residents on videos including the policy on records retention as well as minutes retention and what needs to be kept and what can be destroyed.

Manager Manfredi replied records retention is part of a separate policy. In regards to the section of the policy under Minutes; for example, when Ms. Vile is recording a meeting and uses her tapes for accuracy for transcribing the official record, the language about discarding those recordings is specific to the recordings that are being made to aid in the accuracy of the minutes, which is the official record of the Board of Commissioners meetings. This policy does not address production of meeting videos that are used for broadcasting although those videos are retained and will continue to be and there is nothing in the policy to suggest they would be eliminated.

We are not changing the Township's record retention policy. We are not authorizing any staff member to discard or destroy any official record especially those of Board of Commissioners meeting minutes and that would take an act by the Board of Commissioners. This policy is specific to the types of records only used for creating an accurate record, which is the official record.

Commissioner Rothman clarified that this is simply a policy creating a better way of doing things, which is to hear more from the public and it provides more time for consideration on matters so that they can be shared with the public. If it does not work, the Board can change it. By no means would he ever withhold anything from the public, which is the shared view of his colleagues. These are important measures and we want to hear more from the public.

Commissioner Myers commented that she hopes this will be a change for the better so she is willing to try it, but if we find that some part of it does not work, she will be the first to make a motion for change.

Commissioner Bole said he stands with Commissioner Myers in that we will need to evaluate it regularly to see if it works. What he likes about it is putting public information sessions into the direct workflow of how the Board will operate and he likes the transparency of discussing issues at the frontend in a Committee of the Whole, because as the structure is now, it allows the committee members to take ownership of an issue with the other members and then doing research on their own and getting as much feedback as possible. But primarily, the initial work is done within a particular committee.

Now, the committee work will still take place, but the committee members will have more voices in their ear to fully process their work. Those voices will come from the public with comments made at the Committee of the Whole and they will have an opportunity to have on the record transparent communications from our colleagues to bring those comments, perspectives and ideas into the committee work itself. Also, he likes the extra speaking time as we need to hear more from members of the public.

Working the public information sessions back into the workflow forces us to wrestle with an issue and decide on the proper place for it in a transparent way in front of the public a month before it comes before the Board. We will see if it works and it can be shaped as needed, but it will allow for more public information as well as more public participation and he fully supports it.

President Spiegelman said what he appreciates about the new policy is how upfront we will present upcoming agendas to the public, which is transparent and it will also be better for the Board as there will be increased opportunities for drilled-down conversations to take place.

Commissioner Schreiber said she appreciates this new idea and she is more than willing to try it and agrees that a lot of good will come from it; however, her fear is that adding three weeks could slow down government, which is already at a slow place, and we will need to keep an eye on timelines, but she does support it.

Commissioner Winegrad clarified that this policy complies with the Sunshine Act. Is that correct?

Solicitor Clarke replied yes.

Commissioner Winegrad said regarding concerns about destruction of video/audio tapes; would it be prudent to add a provision that this policy does not in any way affect the retention policy.

Solicitor Clarke replied he does not feel that is necessary. The official record of the meeting are the minutes that the Board votes on and approves and it is commonplace that the Recording Secretary gets rid of their audio tapes after the minutes are approved. Any deletions of other items must be done by a Board vote, so an added provision is not necessary.

MOTION was ADOPTED 15-0.

Commissioner Vahey said this is a third-party vendor that operates the system in which the Township is under contract; what are the Township's obligations by agreeing to another five-year contract?

Lt. Porter replied the Township will continue with the same provider and has received excellent service. The Township will continue under the same terms of the contract only amending the expiration date.

Commissioner Vahey clarified that the existing contract with GATSO is terminating this year. Is that correct?

Lt. Porter replied yes, in November. Tonight's presentation was to bring the Board up to date with statistics and then at the next Board meeting will be consideration to adopt the amended ordinance. The contract will be sent to the Township Manager for the Board to review prior to that meeting.

MOTION was ADOPTED 15-0.

PUBLIC COMMENT:

Cakky Evans, resident, commented that the noncombustible ordinance is important for fire safety and needs to be upheld. She asked about the public being able to make comments during agenda items and she likes the idea of a public comment form and that agendas will be posted early.

Walt Draving, resident, asked for the number of attendees of tonight's meeting; why were committee meetings cancelled and what is the record retention policy for videos? Also, he requested that questions from the public be answered during meetings or thereafter and for that to be added to the policy.

President Spiegelman replied there are 27 attendees separate from the panelists. If the new policy did not pass, committee meetings were going to be held in their previous format, but now, we will move forward in this new format. He will make sure the answer about video preservation will be sent to the resident.

Lora Lehmann, resident, expressed concern that the committee meetings are the only opportunity to speak on agenda items. Also, she asked that "Section 3. a. regarding video/audio recordings be removed from the policy and that they should be kept of the meetings." She asked for any ad-hoc committee that is set up to not have any non-residents as members and that their meetings be accessible to all residents and that no residents are excluded from any public information sessions. Also, at the Committee of the Whole will residents have five minutes to speak on each item or is the speaking time at the beginning/end of the meeting?

Doug Oliver, resident, thanked the Board for serving the public and he appreciates seeing his government at work. He congratulated incoming Commissioner Vaughn as the first African American woman to serve on this Board.

Lindsay Sandy, resident, commented that she agrees with "not destroying anything pertaining to the meetings and that the language should be changed to reflect what was stated."

Natalie Sherstyuk, resident, commented that she vehemently opposed the vote on the public participation policy as "the public did not have input." She is unclear how the resolution will benefit the public and she requested that if residents feel the resolution is not working in their favor that there will be consideration to have it removed. Also, she is not in favor of Economic Development Corporation information sessions being virtual because she is concerned about misunderstanding and miscommunication.

President Spiegelman said that we will do our best to recreate openness and interactivity of the roundtable sessions in the Zoom format, which will be a safe and responsible way for those who want to attend.

Commissioner Vaughn commented that three minutes is a long time for the public to state their position and five minutes at the beginning/end of meetings is an extensive amount of time.

Manager Manfredi read from the Public Participation Policy under Section e. Minutes 3. Audio and Video Recordings: "The written minutes of the Board of Commissioners meetings shall be the sole official record of public meetings. RESOLUTION 20-039

A RESOLUTION SETTING FORTH AGENDA POLICY AND PROCEDURES FOR MEETINGS OF THE BOARD OF COMMISSIONERS AND ITS COMMITTEES

I. BACKGROUND

The Township of Abington's Office of the Township Manager is responsible, in part, for assuring that laws and policies of the Commonwealth of Pennsylvania and Township Board of Commissioners are executed as prescribed. Compliance with the open meeting requirements of the Sunshine Act and increasing public communications and public participation are keystones for how the Township conducts business and demonstrates to citizens that these responsibilities are being met in their best interest.

Citizen education and engagement requires truthfulness, openness, and participation. The Township is evolving and increasing communications and responsiveness to our citizens through engagement and planning. This Policy outlines key steps to achieving that result by establishing clear and consistent guidance for how the Township reviews, considers, and processes public comments, and promulgates and establishes a standard for the development of public policy through public comment and public participation by the Township Board of Commissioners.

II. THIS POLICY IN RELATIONSHIP TO THE PA SUNSHINE ACT

It is and shall be the practice of the Township of Abington's Board of Commissioners to abide by this policy, and adhere to 65 Pa. C.S. §§ 701 et seq. as amended by Act of June 30, 2011, No. 56, and as may be amended from time to time by the Commonwealth of Pennsylvania General Assembly; more commonly known as the Sunshine Act. Nothing written herein shall conflict with the Sunshine Act.

III. GENERAL POLICY STATEMENT

Any and all public notice(s) issued by the Township shall, at a minimum, follow legal requirements and otherwise ensure that sufficient information is provided to assist the public in determining the potential impacts of the Board of Commissioners decision-making. The Office of the Township Manager may utilize any and all digital and non-digital tools allowed by law to communicate public information and announcements in ensuring adequate public notice of any matter to come before the Board of Commissioners. The Township may use local media, the Township website, government access channel, various social media outlets, any electronic notice or print based system. Such use of

digital and non-digital tools will be in addition to legal requirements set forth in the Sunshine Act, such as advertising hearings in a newspaper of general circulation within the Township.

The Township Manager, Township Secretary, the various Department Directors, and staff directly and indirectly responsible to the Township Manager, shall encourage public participation. Public participation tools available for department staff include, but are not limited to, public information meetings, informal meetings, and advertisement tools as described above. Public information meetings and informal meetings by the Board of Commissioners or it's duly created Committees are strongly encouraged.

The Office of the Township Manager shall assure the public comment period established by this policy will consider all germane and cogent public comments, provide a substantive response to each such comment submitted during a formal public comment period of a duly advertised public information meeting or comments received at such meeting, if applicable. Such responses will be provided in a Comment-Response Document prior to making a recommendation or determination to the Board of Commissioners or any of the Board of Commissioners Committees. - 1. The presiding officer will clearly announce any specific rules and introduce all Township Officials and employees present prior to proceeding.
- 2. People who have pre-registered to comment will be called in the order they registered. A registration sheet will be provided at the entrance of

- 9. Commenters should begin by stating their name and if they are a Township resident or property owner prior to making comment. Spelling of names is recommended to ensure the transcription is as accurate as possible. Identification is necessary for both pre-registered and non-registered individuals. To protect the identity and personal safety of a commenter the exact street location of residence or business is not required to be stated publicly.
- 10. The purpose of a public hearing or a meeting of an appointed board, commission, or council is to receive comments. Township elected officials, appointed officials or Township employees will not address questions during such meetings. The presiding officer may allot time to address questions before or after the public hearing or meeting or schedule a public information or informal meeting.

Comments submitted in writing any time during the official public comment period carry the same weight as oral commentary presented at a public hearing or meeting. For that reason, commenters are not to read written comments in their entirety to have them become part of the record. Commenters are encouraged to verbally summarize their written statement.

- b. Meeting Types
 - 1.) Public Hearings

Public hearings are *formal* proceedings that afford the public the opportunity to provide oral testimony and comment on a specified matter of Township business being considered. All written comments submitted in writing in advance of a hearing will have equal weight to those comments given orally at the hearing.

The Township will follow all applicable statutory and regulatory requirements in scheduling a hearing, including providing the public with adequate information about the proposed activity and notice at least two weeks in advance of the hearing, if not otherwise specified in statute, ordinance, or resolution.

a.) Notice of Scheduling or Cancellation of a Public Hearing

The Township will provide notice as required by the First-Class Township Code. If a hearing is scheduled, a notice of the hearing will be published in a *newspaper of general circulation within the Township* and posted on the Township website. The Township may postpone a public hearing in the event of inclement weather or other unforeseen factors that may make holding the hearing impractical or may prevent the public, elected officials, or appointed officials from participating.

b.) Web-based and Internet Enabled Public Hearings

When permissible under relevant statutes or regulations, the Township may use web- based or internet enabled systems as a platform for public hearings. Such hearings are subject to the same forms of public notice as traditional public hearings and will adhere to the guidelines found in section "IV-B. Public Hearings" above.

2.) Public Information Meetings

a.) Board of Commissioners Public Information Meeting

Public information meetings are used to provide information about a proposed policy, project, or issue and to foster dialogue related to the issues the project raises through a discussion and question-and-answer session format. Such meetings will be held when the Board of Commissioners President or Vice President deems a public information meeting as beneficial to the public, the Board of Commissioners, or a duly created Committee of the Board of Commissioners. Public Information meetings are not official meetings of the Board of Commissioners.

The Township encourages any applicant for land development approval to attend and lead public participation at public information meeting(s) requested by the Board of Commissioners and will refer to the applicant all questions that are more appropriate for the applicant to answer. An

applicant may also, at its own discretion, hold its own public information meeting(s). Such meeting(s) should be held as early in the project as possible, including before submission of the application.

1. Written/Electronic Comments in Response to a Public Notice

When a comment period is opened, the public notice will provide the public with instructions on submitting written/electronic comments on a pending issue, including where comments should be submitted in advance of the meeting. A formal comment period commences on the date the Township notice is published and concludes on the comment deadline specified in the notice. Those comments submitted to the Township during the formal public comment period and by the specific means advertised will be considered and responded to by the Office of the Township Manager in a Comment-Response Document or through other relevant documentation.

b.) Administrative Public Information Meeting

The Office of the Township Manager and the various Departments through the Office of the Township Manager may, with the Township Manager's approval, hold public information meetings to help the public obtain information about a proposed project or significant policy, and thereby assist the public in developing their comments. Therefore, the content of administrative public information meetings does not become part of the official record and will not be addressed in the commentresponse document issued by the Office of the Township Manager. Such meetings may be held in addition to other forms of public participation and will not be used as a substitute for public hearings by the Board of Commissioners or its duly appointed Boards and Committees.

2.) Administrative Informal Meetings

Informal meetings are used to afford interested parties, specifically the public, the opportunity to discuss issues with Township Manager and Department and Division staff in a less formal setting than public hearings or public information meetings as it relates to a proposed project, or matter rising to the level of an action to be taken by the Board of Commissioners. Such informal meetings may be held when the Board President or Township Manager determine that a formal public informational meeting is needed to supplement or provide technical detail or information on a project or matter. *Nothing in this policy shall preclude an individual Ward Commissioner from holding a neighbor meeting on any topic of concern on a Ward specific issue to Ward residents*.

When determining the invitees and the format for the meeting, the President or Township Manager, should first consider any applicable statutory or regulatory requirements in addition to the goals of the meeting, and what will best serve the participants. Invitations to informal meetings may be limited to the requestor, an applicant, and specifically identified parties; or the meeting may be announced publicly. The format for the meeting may include a question-and-answer period, a roundtable discussion, or other format as appropriate.

Township staff should ensure participants are aware that the content of informal meetings does not become part of an official record and questions will not to be addressed in the Comment- Response Document issued by the Township.

3. Appointed Boards, Commissions and Councils

Public Comment at the meetings of appointed Boards, Commissions and Councils shall be prior to unfinished or new business agenda items being considered and upon call of the Presiding Officer for public comment.

a. The Public shall have three (3) minutes to provide germane public comment on the agenda item to be voted upon. The Presiding Officer shall have the discretion to request additional written public comment if a decision on a matter is not be rendered during the meeting or add time during the public comment period to take testimony or additional public comment.

V. ROLE OF THE OFFICE OF THE TOWNSHIP MANAGER IN PUBLIC HEARINGS, PUBLIC INFORMATION MEETINGS, OR INFORMAL MEETINGS

In a venue that allows for public dialogue on a pending matter, the Township Manager or his designee shall communicate to the public the factual information related to the matter and any law governing and applicable to the matter, including Township Ordinances and pertinent Resolutions.

VI. COMMENT-RESPONSE DOCUMENT

A. Format of Comment-Response Document

The Comment-Response Document shall include background information or a summary, a list of all the individuals who submitted questions, all valid questions or comments received, and a response to valid questions received. Questions and responses may be divided into relevant categories to assist readers in finding the information they are seeking.

Authorization of the Sale	of Township Property at Auction	

EXECUTIVE SUMMARY:

Abington Township and the local consortium of communities have been using J.J. Kane Auctioneers in Plymouth Meeting with excellent results. It is a no hassle auction where the buyer pays all commissions. Almost all of the money received is returned to the township. It is easy to get our saleable equipment there and we have never had any problems with title transfers. We anticipate approximately \$40,000.00 from the sale of the vehicles and equipment.

PREVIOUS BOARD ACTIONS:

In December of 2017 the Board authorized the sale of township owned vehicles with J.J. Kane.

RECOMMENDED BOARD ACTIONS:

Motion to Authorize the Township Manager to sell Township Property in accordance with Section 1501 of the Pennsylvania Municipalities Code for First Class Townships.

THIS AGREEMENT, fully executed and approved this ______ day of _____, 20___, by and between the COMMONWEALTH of Pennsylvania, acting through the Department of Transportation ("COMMONWEALTH").

AND

<u>Abington Township</u> of the COMMONWEALTH of Pennsylvania, acting through its authorized officials ("MUNICIPALITY").

WITNESSETH;

WHEREAS, certain public highways, including bridges with their approaches, in the MUNICIPALITY have been adopted and taken over as part of the State Highway System, to be constructed, improved and maintained by the COMMONWEALTH, upon the terms and conditions and subject to the limitations contained in the Act of May 29, 1945, P.L. 1108; the Act of June 1, 1945, P.L. 1242; and the Act of September 18, 1961, P.L. 1389; all as supplemented and amended; and,

WHEREAS, the MUNICIPALITY has the equipment, materials and personnel available and ready to perform snow and ice clearance together with the application of anti-skid and/or de-icing materials for certain State Highways, including bridges with their approaches, within the MUNICIPALITY, in a prompt and efficient manner and has signified its willingness to furnish these winter traffic services for the COMMONWEALTH during the Winter Season(s) of **2020-2021**; **2021-2022**; **2022-2023**; **2023-2024**; **and 2024-2025** (the "Winter Season" for the purpose of this Agreement shall be the period from October 15 to April 30 of each season), subject to payment by the COMMONWEALTH to the MUNICIPALITY as described in this Agreement; and

WHEREAS, the MUNICIPALITY shall conduct its winter traffic services in a manner satisfactory to the COMMONWEALTH, in order to facilitate the safe and unimpeded flow of vehicular traffic over said State Highways within the MUNICIPALITY in accordance with the terms, covenants and conditions hereinafter set forth in this Agreement; and

WHEREAS, the MUNICIPALITY shall conduct the winter traffic services for and in the agreed amount during the term of this Agreement, regardless of the amount of work required.

NOW, THEREFORE, the parties hereto, for and in consideration of the foregoing premises and of the mutual promises set forth below, with the intention of being legally bound, agree as follows:

1. The MUNICIPALITY shall undertake and accomplish the required snow and ice clearance together with the application of anti-skid and/or de-icing materials for the State Highways, including bridges and their approaches, as indicated in Exhibit "A" attached to and made part of this Agreement. The MUNICIPALITY shall perform all work in accordance with all applicable PennDOT Specifications ("Publication 408"), policies and procedures set forth in the PennDOT Highway Maintenance Foreman Manual ("Publication 113") and the PennDOT Maintenance Manual ("Publication 23"), which all are incorporated by reference into this Agreement as though physically attached. This work shall be performed in a prompt and efficient manner so as to facilitate the safe and unimpeded flow of vehicular traffic over the State Highways within the MUNICIPALITY.

- 2. If, to undertake and accomplish the duties required in Paragraph (1.), the MUNICIPALITY'S forces must traverse a bridge with a posted weight restriction, the MUNICIPALITY agrees to file a permit application with the posting authority and obtain a permit to traverse the bridge pursuant to 67 Pa. Code Chapter 191. The MUNICIPALITY agrees to refile permit applications as needed during the term of this Agreement and to obtain permits for each succeeding winter season for which this Agreement is renewed. Failure to obtain such permits shall be grounds for termination of this Agreement.
- 3. The COMMONWEALTH shall pay to the MUNICIPALITY, as reimbursement for the services contracted for in this Agreement, the total sum of the rate established for each particular season, as set forth on Exhibit "A," payable on or before November 15th, for each successive Winter Season through the termination of the Agreement. The starting date of this Agreement shall be the date on which the Agreement has been fully executed and approved by the COMMONWEALTH, or the date agreed to by both the MUNICIPALITY and the COMMONWEALTH, whichever comes later. Further, the MUNICIPALITY shall not be permitted to start any work until notified by the COMMONWEALTH that the Agreement has been fully executed and approved, except as set forth in Paragraph 4 below. The MUNICIPALITY shall perform all services for the rates set forth in Exhibit "A," regardless of the amount of work required. The COMMONWEALTH is not responsible for paying additional amounts when the MUNICIPALITY incurs costs for the work in excess of the established rate or does not otherwise meet the guidelines contained in the "Severe Winter Adjustment" both set forth in Exhibit "A" of this Agreement.
- 4. The MUNICIPALITY undertakes the responsibilities as an independent contractor and its employees and/or lessors or contractors shall not be considered employees of the COMMONWEALTH for any purpose. This Agreement shall be considered a maintenance contract between a Commonwealth agency and a local agency for purposes of 42 Pa. C.S. 8542(b)(6)(ii), relating to acts which may impose liability on local agencies. Further, this Agreement shall not be construed for the benefit of any person or political subdivision not a party to this Agreement, nor shall this Agreement be construed to authorize any person or political subdivision not a party to this Agreement to maintain a lawsuit on or under this Agreement.
- 5. In the event a winter emergency occurs that necessitates winter traffic services prior to the execution of this Agreement, the District Executive on behalf of the COMMONWEALTH may issue a written letter to the MUNICIPALITY finding that an emergency exists under Section 516 of the Procurement Code and authorizing the MUNICIPALITY to perform the services required by this Agreement subject to the terms and conditions of this Agreement. If the MUNICIPALITY receives an emergency winter traffic services letter from the District Executive prior to execution of this Agreement, because of the critical need to provide winter traffic services to assure public safety on the State Highway System, the COMMONWEALTH shall pay the MUNICIPALITY for any costs incurred to service State Highways as a result of the onset of winter weather emergency necessitating the provision of the services under this Agreement between the beginning of the Winter Season and full execution of this Agreement.
- 6. The obligations of the MUNICIPALITY under this Agreement shall terminate and end as of midnight on April 30th for each Winter Season.
- 7. Work performed by the MUNICIPALITY under this Agreement shall be done to the satisfaction of the COMMONWEALTH. Such work shall be subject to inspection by the Secretary of Transportation, the District Executive, and/or their duly authorized representatives.
- 8. If the MUNICIPALITY fails to comply with the terms of this Agreement to the satisfaction of the COMMONWEALTH, the COMMONWEALTH may terminate the Agreement upon giving ten (10) days written notice to the MUNICIPALITY. Therefore, the MUNICIPALITY shall refund to the COMMONWEALTH the balance of the lump sum payment within thirty (30) days of receiving notice from the COMMONWEALTH of the amount due.

- 9. The COMMONWEALTH reserves the right to terminate this Agreement for convenience if it determined that termination is in the best interest of the COMMONWEALTH. If the Agreement is so terminated, then the COMMONWEALTH shall not be further obligated to pay any amount of money to the MUNICIPALITY, the MUNICIPALITY shall not be further obligated to perform, and the MUNICIPALITY shall be entitled to payment for all eligible actual costs incurred by the MUNICIPALITY pursuant to this Agreement up to the date when termination is effective.
- 10. The Pennsylvania Right-to-Know Law, 65 P.S. §§ 67.101—3104, applies to this Agreement. As part of SEMP, the COMMONWEALTH has established a Green Plan Policy that can be found at <u>www.dot.state.pa.us</u> and is also posted at the COMMONWEALTH's District and County Offices. The Green Plan Policy is designed to protect the environment, conserve resources and comply with environmental laws and regulations. The MUNICIPALITY shall ensure that its personnel (including the personnel of any of its subcontractors) are aware of the COMMONWEALTH's commitment to protecting the environment, are properly trained about the environmental impacts of their work and are competent (through appropriate work experience, job training or classroom education) to perform the work that they do.

EXHIBIT B

Contract Provisions – Right to Know Law

a. The Pennsylvania Right-to-Know Law, 65 P.S. §§ 67.101-3104, ("RTKL") applies to this Contract. For the purpose of these provisions, the term "the Commonwealth" shall refer to the contracting Commonwealth agency.

b. If the Commonwealth needs the Contractor's assistance in any matter arising out of the RTKL related to this Contract, it shall notify the Contractor using the legal contact information provided in this Contract. The Contractor, at any time, may designate a different contact for such purpose upon reasonable prior written notice to the Commonwealth.

c. Upon written notification from the Commonwealth that it requires the Contractor's assistance in responding to a request under the RTKL for information related to this Contract that may be in the Contractor's possession, constituting, or alleged to constitute, a public record in accordance with the RTKL ("Requested Information"), the Contractor shall:

1. Provide the Commonwealth, within ten (10) calendar days after receipt of written notification, access to, and copies of, any document or information in the Contractor's possession arising out of this Contract that the Commonwealth reasonably believes is Requested Information and may be a public record under the RTKL; and

2. Provide such other assistance as the Commonwealth may reasonably request, in order to comply with the RTKL with respect to this Contract.

d. If the Contractor considers the Requested Information to include a request for a Trade Secret or Confidential Proprietary Information, as those terms are defined by the RTKL, or other information that the Contractor considers exempt from production under the RTKL, the Contractor must notify the Commonwealth and provide, within seven (7) calendar days of receiving the written notification, a written statement signed by a representative of the Contractor explaining why the requested material is exempt from public disclosure under the RTKL.

e. The Commonwealth will rely upon the written statement from the Contractor in denying a RTKL request for the Requested Information unless the Commonwealth determines that the Requested Information is clearly not protected from disclosure under the RTKL. Should the Commonwealth determine that the Requested Information is clearly not exempt from disclosure, the Contractor shall provide the Requested Information within five (5) business days of receipt of written notification of the Commonwealth's determination.

f. If the Contractor fails to provide the Requested Information within the time period required by these provisions, the Contractor shall indemnify and hold the Commonwealth harmless for any damages, penalties, costs, detriment or harm that the Commonwealth may incur as a result of the Contractor's failure, including any statutory damages assessed against the Commonwealth.

Municipal Winter Traffic Services Agreement

g. The Commonwealth will reimburse the Contractor for any costs associated with complying with these provisions only to the extent allowed under the fee schedule established by the Office of Open Records or as otherwise provided by the RTKL if the fee schedule is inapplicable.

h. The Contractor may file a legal challenge to any Commonwealth decision to release a record to the public with the Office of Open Records, or in the Pennsylvania Courts, however, the Contractor shall indemnify the Commonwealth for any legal expenses incurred by the Commonwealth as a result of such a challenge and shall hold the Commonwealth harmless for any damages, penalties, costs, detriment or harm that the Commonwealth may incur as a result of the Contractor's failure, including any statutory damages assessed against the Commonwealth, regardless of the outcome of such legal challenge. As between the parties, the Contractor agrees to waive all rights or remedies that may be available to it as a result of the Commonwealth's disclosure of Requested Information pursuant to the RTKL.

i. The Contractor's duties relating to the RTKL are continuing duties that survive the expiration of this Contract and shall continue as long as the Contractor has Requested Information in its possession.

NONDISCRIMINATION/SEXUAL HARASSMENT CLAUSE

- 1. In the hiring of any employee(s) for the manufacture of supplies, performance of work, or any other activity required under the contract or any subcontract, the Contractor, each subcontractor, or any person acting on behalf of the Contractor or subcontractor shall not discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the Pennsylvania Human Relations Act (PHRA) and applicable federal laws, against any citizen of this Commonwealth who is qualified and available to perform the work to which the employment relates.
- 2. Neither the Contractor nor any subcontractor nor any person on their behalf shall in any manner discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, against or intimidate any employee involved in the manufacture of supplies, the performance of work, or any other activity required under the contract.
- 3. The Contractor and each subcontractor shall establish and maintain a written nondiscrimination and sexual harassment policy and shall inform their employees in writing of the policy. The policy must contain a provision that sexual harassment will not be tolerated and employees who practice it will be disciplined. Posting this Nondiscrimination/Sexual Harassment Clause conspicuously in easily-accessible and well-lighted places customarily frequented by employees and at or near where the contracted services are performed shall satisfy this requirement for employees with an established work site.
- 4. The Contractor and each subcontractor shall not discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of PHRA and applicable federal laws, against any subcontractor or supplier who is qualified to perform the work to which the contract relates.
- 5. The Contractor and each subcontractor represents that it is presently in compliance with and will maintain compliance with all applicable federal, state, and local laws, regulations and policies relating to nondiscrimination and sexual harassment. The Contractor and each subcontractor further represents that it has filed a Standard Form 100 Employer Information Report ("EEO-1") with the U.S. Equal Employment Opportunity Commission ("EEOC") and shall file an annual EEO-1 report with the EEOC as required for employers' subject to Title VII of the Civil Rights Act of 1964, as amended, that have 100 or more employees and employers that have federal government contracts or first-tier subcontracts and have 50 or more employees. The Contractor and each subcontractor shall, upon request and within the time periods requested by the Commonwealth, furnish all necessary employment documents and records, including EEO-1 reports, and permit access to their books, records, and accounts by the contracting agency and the Bureau of Diversity, Inclusion and Small Business Opportunities for purpose of ascertaining compliance with provisions of this Nondiscrimination/Sexual Harassment Clause.
- 6. The Contractor shall include the provisions of this Nondiscrimination/Sexual Harassment Clause in every subcontract so that those provisions applicable to subcontractors will be binding upon each subcontractor.
- 7. The Contractor's and each subcontractor's obligations pursuant to these provisions are ongoing from

and after the effective date of the contract through the termination date thereof. Accordingly, the Contractor and each subcontractor shall have an obligation to inform the Commonwealth if, at any time during the term of the contract, it becomes aware of any actions or occurrences that would result in violation of these provisions.

8. The Commonwealth may cancel or terminate the contract and all money due or to become due under the contract may be forfeited for a violation of the terms and conditions of this Nondiscrimination/Sexual Harassment Clause. In addition, the agency may proceed with debarment or suspension and may place the Contractor in the Contractor Responsibility File.

CONTRACTOR INTEGRITY PROVISIONS

It is essential that those who seek to contract with the Commonwealth of Pennsylvania ("Commonwealth") observe high standards of honesty and integrity. They must conduct themselves in a manner that fosters public confidence in the integrity of the Commonwealth contracting and procurement process.

1. **DEFINITIONS.** For purposes of these Contractor Integrity Provisions, the following terms shall have the meanings found in this Section:

- a. "Affiliate" means two or more entities where (a) a parent entity owns more than fifty percent of the voting stock of each of the entities; or (b) a common shareholder or group of shareholders owns more than fifty percent of the voting stock of each of the entities; or (c) the entities have a common proprietor or general partner.
- b. - c. "Contractor" means the individual or entity that has entered into this contract with the Commonwealth.
- d. "Contractor Related Parties" means any affiliates of the Contractor and the Contractor's executive officers, Pennsylvania officers and directors, or owners of 5 percent or more interest in the Contractor.

- g. "Non-bid Basis" means a contract awarded or executed by the Commonwealth with Contractor without seeking bids or proposals from any other potential bidder or offeror.
- 2. In furtherance of this policy, Contractor agrees to the following:

Municipal Winter Traffic Services Agreement

(Revised 1/2017)

- b. Contractor shall establish and implement a written business integrity policy, which includes, at a minimum, the requirements of these provisions as they relate to the Contractor activity with the Commonwealth and Commonwealth employees and which is made known to all Contractor employees. - c. Contractor, its affiliates, agents, employees and anyone in privity with Contractor shall not accept, agree to give, offer, confer, or agree to confer or promise to confer, directly or indirectly, any gratuity or pecuniary benefit to any person, or to influence or attempt to influence any person in violation of any federal or state law, regulation, executive order of the Governor of Pennsylvania, statement of policy, management directive or any other published standard of the Commonwealth in connection with performance of work under this contract, except as provided in this contract.
- d. Contractor shall not have a financial interest in any other contractor, subcontractor, or supplier providing services, labor, or material under this contract, unless the financial interest is disclosed to the Commonwealth in writing and the Commonwealth consents to Contractor's financial interest prior to Commonwealth execution of the contract. Contractor shall disclose the financial interest to the Commonwealth at the time of bid or proposal submission, or if no bids or proposals are solicited, no later than Contractor's submission of the contract signed by Contractor.
- e. Contractor certifies to the best of its knowledge and belief that within the last five (5) years Contractor or Contractor Related Parties have not:
 - been indicted or convicted of a crime involving moral turpitude or business honesty or integrity in any jurisdiction;
 - (2) been suspended, debarred or otherwise disqualified from entering into any contract with any governmental agency;
 - (3) had any business license or professional license suspended or revoked;
 - (4) had any sanction or finding of fact imposed as a result of a judicial or administrative proceeding related to fraud, extortion, bribery, bid rigging, embezzlement, misrepresentation or anti-trust; and
 - (5) been, and is not currently, the subject of a criminal investigation by any federal, state or local prosecuting or investigative agency and/or civil antitrust investigation by any federal, state or local prosecuting or investigative agency.

If Contractor cannot so certify to the above, then it must submit along with its bid, proposal or contract a written explanation of why such certification cannot be made and the Commonwealth will determine whether a contract may be entered into with the Contractor. The Contractor's obligation pursuant to this certification is ongoing from and after the effective date of the contract through the termination date thereof. Accordingly, the Contractor shall have an obligation to immediately notify the Commonwealth in writing if at any time during the term of the contract if becomes aware of any event which would cause the Contractor's certification or explanation to change. Contractor acknowledges that the Commonwealth may, in its sole discretion, terminate the contract for

(Revised 1/2017)

cause if it learns that any of the certifications made herein are currently false due to intervening factual circumstances or were false or should have been known to be false when entering into the contract.

- f. Contractor shall comply with the requirements of the Lobbying Disclosure Act (65 Pa.C.S. §13A01 et seq.) regardless of the method of award. If this contract was awarded on a Non-bid Basis, Contractor must also comply with the requirements of the Section 1641 of the Pennsylvania Election Code (25 P.S. §3260a).
- g. When Contractor has reason to believe that any breach of ethical standards as set forth in law, the Governor's Code of Conduct, or these Contractor Integrity Provisions has occurred or may occur, including but not limited to contact by a Commonwealth officer or employee which, if acted upon, would violate such ethical standards, Contractor shall immediately notify the Commonwealth contracting officer or the Office of the State Inspector General in writing.
- h. Contractor, by submission of its bid or proposal and/or execution of this contract and by the submission of any bills, invoices or requests for payment pursuant to the contract, certifies and represents that it has not violated any of these Contractor Integrity Provisions in connection with the submission of the bid or proposal, during any contract negotiations or during the term of the contract, to include any extensions thereof. Contractor shall immediately notify the Commonwealth in writing of any actions for occurrences that would result in a violation of these Contractor Integrity Provisions. Contractor agrees to reimburse the Commonwealth for the reasonable costs of investigation incurred by the Office of the State Inspector General for investigations of the Contractor and the Contractor shall that results in the suspension or debarment of the Contractor. Contractor shall not be responsible for investigative costs for investigations that do not result in the Contractor's suspension or debarment.
- i. Contractor agrees to make identified Contractor employees available for interviews at reasonable times and places. Contractor, upon the inquiry or request of an Inspector General, shall provide, or if appropriate, make promptly available for inspection or copying, any information of any type or form deemed relevant by the Office of the State Inspector General to Contractor's integrity and compliance with these provisions. Such information may include, but shall not be limited to, Contractor's business or financial records, documents or files of any type or form that refer to or concern this contract. Contractor shall incorporate this paragraph in any agreement, contract or subcontract it enters into in the course of the performance of this contract/agreement solely for the purpose of obtaining subcontractor compliance with this provision. The incorporation of this provision in a subcontract shall not create privity of contract between the Commonwealth and any such subcontractor, and no third party beneficiaries shall be created thereby.
- j. For violation of any of these Contractor Integrity Provisions, the Commonwealth may terminate this and any other contract with Contractor, claim liquidated damages in an amount equal to the value of anything received in breach of these Provisions, claim damages for all additional costs and expenses incurred in obtaining another contractor to complete performance under this contract, and debar and suspend Contractor from doing business with the Commonwealth. These rights and remedies are cumulative, and the use or non-use of any one shall not

preclude the use of all or any other. These rights and remedies are in addition to those the Commonwealth may have under law, statute, regulation, or otherwise.

.
