Lora Lehmann, resident, expressed concern that she feels the Solicitor "creates work that is paid with tax dollars."

UNFINISHED BUSINESS:

Item BOC-01-111220 – Consider and discuss CDBG HOME Rehabilitation Program and Budget next steps:

Commissioner Vahey asked for any comments from Commissioners.

Commissioner Winegrad said total amount is \$781,251 that includes administration cost of \$157,000, and since Mr. Strother no longer works for the Township, will the total amount change?

Manager Manfredi replied at this time, the total amount is still the same; however, depending on the next director's compensation package, the total amount may change. He will be meeting with the Grants Manager of DCED next week to verify that extension has been granted and there are no issues with how these funds could be spent. He will also ask about the procedure in moving administrative dollars back into the total amount, and if there are any changes, we would need to make sure it is acceptable by DCED and HUD.

Commissioner Winegrad continued that the HOME Rehabilitation program is important as there has been a long list of individuals who are in need of assistance prior to COVID-19 pandemic, and that list may have grown, and he would like to see the bulk of the funds going to that program. Also, if the Salem Baptist Church has a specific need for assistance to open a senior center, he would like to know what the bottom line is.

Commissioner Carswell commented that she does not understand why the Township would help build a senior center instead of focusing on those who are really in need and have been standing in line for years and probably struggling more now due to the pandemic.

Commissioner Myers said she would like to keep the same distribution as previously discussed because the senior center is extremely important for the immediate area. When she first became Commissioner there were three administration employees of the Community Development Department and one or two renovations were completed yearly. If we are hiring one person to be the administrator, they will only be able to handle one renovation at a time, and to make this program work more effectively, we would need to increase administrative personnel because this really needs a project manager, and that should be taken into consideration.

Commissioner Winegrad clarified that the administration could not be more than 20% of funds. Is that correct?

Commissioner Vahey replied salary is capped, but that does not mean staff cannot employ others.

Finance Director Hermann added that it also covers office supplies, although she is not sure what the percentage is, but there is a cap.

Commissioner Hecker said he feels no one would argue against development of a senior center benefitting the community, although he is concerned about the funds being put all in one basket, and he does not know what the community will need as we move through this pandemic. However, he wants to be sure that collectively as a Board that the funds are allocated to the best possible use for the community while helping with a long-range plan for a senior center.

Commissioner Spiegelman said our community has needed a senior center for a long time, and Salem Baptist Church is committed to having a place for the food cupboard, and because the demands on it have been profound, he would like to see some portion of the funds allocated towards the food cupboard and some to the senior center. He also agreed with Commissioner Winegrad regarding the HOME Rehabilitation Program.

Commissioner Carswell suggested that if funds are provided to the church for a senior center then there would be an expectation that they provide space for the food cupboard; would there be any issue with that?

Manager Manfredi replied there would need to be enough detail in the project documents making sure that is where the funds are allocated.

Commissioner Vahey added that we would need to see if the church needs funding for that purpose.

Commissioner Vaughn agreed that the allocation of funds for a specific purpose would be written in the documents.

Commissioner Schreiber questioned whether the funds could be reallocated since extension was granted.

Commissioner Vahey clarified that the Board of Commissioners could adopt a resolution amending allocation of funds. Is that correct?

Manager Manfredi replied yes. The Board of Commissioners voted to approve the allocation, and if the Finance Committee recommends amending it, that would need to go back to the Board of Commissioners in November for consideration and approval.

Commissioner Schreiber asked how many people are on the list, for how long, and do they still need assistance.

Manager Manfredi replied he will report back on it.

Commissioner Schreiber agreed that only a few were helped over one or two-years, and right now, a lot of people are in need, which will get worse before it gets better, and she wants to help as many people as possible during this time.

Also, Marian Stroup, Community Outreach Director of the Hope and Help Network helps those from becoming homeless and Marian would be interested if there is an application system, so there may be other ways to use the funds. And not to ignore those who have been on the list long term, but we can only help a few each year, and there should be an emergency repair fund. Also, some small portion of the funds could be allocated to the senior center as that program provides food as well as socialization, and to the food cupboard, which helps the community at-large.

Commissioner Myers noted that this distribution is for 2020; does it need to be spent this year for the Township to receive allocation in 2021?

Manager Manfredi replied he will report back on it.

Commissioner Carswell commented that the list needs to be assessed and prioritized.

Commissioner Vaughn agreed with Commissioner Carswell and that the Board should be able to access the details of that master list either by Dropbox or shared Google drive.

Manager Manfredi said he will be having a meeting next week verifying all procedures from the State and will inform the Board.

Commissioner Vahey suggested that if Finance Committee members have any further suggestions for allocation of funds to send them to the Manager by Friday prior to the meeting with DCED.

Commissioner Vahey asked for any public comments.

Lora Lehmann, resident, suggested alerting the community that the Township is looking for a “HUD director” and there should be community discussion on allocation of funds.

PUBLIC COMMENT – general matters of finance:

Lora Lehmann, resident, asked about budget workshops.

Manager Manfredi replied proposed budget for 2021 will be presented to the Board on Thursday, October 22nd at a special public meeting and no action will be taken. The next budget public meeting will be held on November 12th for consideration by the Board, and there will be a 20-day public comment/inspection of proposed budget as presented, and then put forth for a vote on December 10th.

Budget Transfer Authorization

EXECUTIVE SUMMARY:

Article 17, Section 1701, paragraph (d), of the First Class Township Code states that Township Commissioners shall have power to authorize the transfer within the same fund of any unencumbered balance, or any portion thereof, from one spending agency to another, but such action thereby taken only during the last nine months of the fiscal year.

Additionally, the supplemental appropriations are going from fund balance to the appropriate departmental personal service expense cost objects.

In this motion, you are asked to approve all transfers that are within the same fund(s). Many transfers on the list have been previously approved in that they were transfers from contingency. The other transfers represent movement of funds, normally within the same department, to cover under budgeted conditions within the every day operations of the Township.

AGENDA ITEM:

Expenditure from Unallocated General Fund Balance - LOSAP

EXECUTIVE SUMMARY:

Since 1994, the Township has remitted the proportionate share of in-lieu monies representing a fee for fire services. The fire tax millage increased from .26 to .47 mills effective January 1, 2005. The funds from this fire millage increase (plus .21 mills) are set aside for distribution in January of the following year, to be distributed equally among the five volunteer fire companies, to be used toward a Length of Service Award Program (LOSAP). 2020 funds will be distributed in January 2021.

PREVIOUS BOARD ACTIONS:

July 13, 2006 - Board authorized payment of "in-lieu-of" funds on an equal basis to five volunteer fire companies. This disbursement was based on .21 mills (millage increase effective January 1, 2005). This is an annual procedure to authorize payment of the additional .21 mills toward LOSAP.

RECOMMENDED BOARD ACTIONS:

Consider a motion to authorize an expenditure from Unallocated General Fund Balance (account #01-00-000-5999) in the amount of \$45,855.00 (2020 allotment) to be distributed equally (\$9,171.00) among the five volunteer fire companies serving Abington Township.
