George Wrigley, Director 1000 Fitzwatertown Road Roslyn, PA 19001 215-884-8329 abingtonwwud@abingtonpa.gov

The Wastewater Utilities Department is responsible for the continuous safe, environmentally protective and financially stable operation of the sanitary sewer collection system in accordance with PaDEP and U.S EPA permits and regulations.

#### **AVOID CLOGGED PIPES!**

Sanitary sewer pipes are sized for water flow. Prevent clogs by placing any foreign object in the trash and not down the drain. These items will easily clog the pipes and cause a backup into your basement or first floor sinks and toilets. Please respect your neighbors by not flushing these objects into the sewers to prevent blockages. Most common sources of clogs include:

- Cleaning or baby wipes
- Paper towels, rags or cloths
- Plastic items
- Garbage from kitchen disposal
- Cooking oils and grease

If you and your neighbors are all experiencing backups or slow draining pipes, the sewer main is most likely blocked. If only your drain is backing up or slow, you will need to hire a plumber to clean the pipes and remove the blockage. If the sewer main is blocked or you see water flowing out of a manhole, call 215-884-8329 to report the problem.

#### TIPS FOR CONSERVING WATER

Sanitary sewer bills use the water consumption to calculate the fee. Less water means lower sewer fees.

#### In the Bathroom

- Make sure toilet is an ultra-low flush model (1.6 gallons per flush).
- Check your toilet for leaks. Put dye tablets or food coloring into the tank. If color appears in the bowl without flushing, there's a leak that should be repaired.

#### In the Kitchen

- If you wash dishes by hand, don't leave the rinse water running, and use the least amount of detergent possible.
- Don't defrost frozen foods with running water.
- Use the garbage disposal less and compost your organic wastes.

#### Outsides

- Mulch around trees and plants (but not too deeply) to reduce evaporation.
- If you have a pool, use a pool cover.
- Water during the early morning; don't water the lawn on windy days.
- Set lawn mower blades one notch higher. Longer grass means less evaporation.

# Engineering Services

Tim Clark, Director 1176 Old York Road Abington, PA 19001 267-536-1043 engineering@abingtonpa.gov

The Engineering Department provides general engineering services and oversight for capital and non-capital projects and Township infrastructure; coordinates applications for and the administration of grants; effectively addresses stormwater, infrastructure and state mandated MS4 issues, and develops projects to construct and maintain ongoing stormwater issues throughout the Township.

#### THE DRAIN IS JUST FOR RAIN!

Stormwater runoff is one of the leading causes of water pollution, not only in Abington Township, but across the nation. Many residents in Abington are unaware that storm drains carry runoff directly to the nearest stream instead of connecting to a treatment plant to get cleaned first. Since 2003, the Pennsylvania Department of Environmental Protection has permitted the Township's Stormwater System and has implemented standards and requirements intended to help clean up Abington's impaired streams.

We all can do our part to help with restoring the health of our streams. The most basic way to help is to never dump anything you wouldn't drink or swim in directly or indirectly down a storm drain. Things you can do include:

- Installing Rain Barrels at our homes to cut down on stormwater runoff.
- Don't throw grass, leaves, or trash in the storm inlets or in the street.
- Use less fertilizer on lawns.
- Recycle used oil.
- Pick up pet waste.
- Dispose of household hazardous waste responsibly.

# Human Relations Commission

The Abington Township Human Relations Commission (Abington HRC) was established in 2012 following passage of Abington Ordinance 2029, which prohibits discrimination in housing, employment, and public accommodations. The Ordinance expressly prohibits such discrimination based on age, ancestry, color, disability or use or training of guide animals, familial status, gender, national origin, race, religious creed, and sexual orientation, gender identity or gender expression.

The Abington HRC's Mission Statement is:

"Abington Township and the HRC recognize the inherent dignity and worth of all people. Therefore, the HRC strives to ensure, through education, mediation, and community outreach, that all members of the community enjoy equality and equal protection under the law."

While the HRC is prepared to help mediate complaints of discrimination, these have been infrequent. As a result, the HRC has focused its efforts on community education and outreach, in the belief that better understanding community members who are different from you leads to less fear and misunderstanding and greater respect and acceptance. Examples of such programs include one on "Understanding Critical Race Theory" and one on "It's OK to Say Gay...and Queer...and Trans." The HRC also responds to incidents in the community that demonstrate a lack of tolerance of others. For example, following a drop of antisemitic literature in certain neighborhoods, the HRC issued a statement strongly condemning this action and urging residents not to give a voice to the perpetrators by sharing the material more broadly.

The Abington HRC is comprised of seven volunteer Township residents appointed by the Abington Board of Commissioners for three-year terms. It is a non-partisan body and its services are free to the public.

# **New to Abington Township? Welcome!**Trees are important parts of our properties an

Trees are important parts of our properties and bring numerous benefits to our homes and neighborhoods. Mature trees increase property values, save us money on home energy costs, capture storm water which reduces flooding risk, and provide valuable habitat to native wildlife. Trees improve physical and mental health, reduce air pollution, reduce the risk of respiratory disorders such as asthma, and improve children's educational outcomes. Neighborhoods with more trees even have lower rates of crime. Discover the many benefits on our website.

#### Free trees? Yes, please!

As an Abington Township homeowner, you are entitled to free trees each year during our tree giveaways in the spring and fall. Sign up for the STC Newsletter to receive updates about these giveaways and more.

#### **Tree Care**

Like all other parts of your property, maintaining and caring for trees is your responsibility, not the Township's. Always consult with an arborist certified by the International Society of Arboriculture (ISA); an arborist can help you identify and care for your valuable trees to ensure they remain healthy and safe. Visit our website to find local tree care companies with certified arborists.

#### Join us!

We encourage you to contact the STC, join our online meetings, and to volunteer to make Abington an even more desirable place to live and grow.

Research the best trees for your property, the energy and health benefits of having trees, caring for trees, plus FREE tree giveaways!

#### WAIT! BEFORE YOU CUT DOWN THAT TREE:

New homeowners can be unfamiliar with trees and sometimes cut down healthy, valuable trees. *Please don't make that mistake*. Trees take decades to mature but mere minutes to destroy. Consider future generations when contemplating tree removal.

Before removing a tree, consult an ISA-certified arborist.

Our website has helpful information about how to find an ISA-certified arborist, as well as tips about tree maintenance and leaf cleanup.

#### CODE ENFORCEMENT

Q: Am I allowed to grow bamboo on my property?

A: Private property owners are permitted to grow bamboo on their property, under certain conditions. The root structure of bamboo is not permitted to grow within 10 feet of any pavement, sidewalk or public road within the Township. Bamboo is permitted to grow up to the property lines separating private properties, but the bamboo owner is required to contain the bamboo on their property, as outlined in the Township Code.

Q: How high am I allowed to grow my grass?

A: Grass and weeds must be maintained below 10 inches in height at all times.

Q: My neighbor's tree is unkept, who should I contact?

A: The Township doesn't regulate the maintenance of trees on private property. It is an owner's responsibility to provide for the safety of trees on their property. If a tree loses its limbs or falls, it is the responsibility of the property owner where the debris landed to clean-up the debris.

Q: My neighbors property is overgrown. Who do I contact?

A: Please contact 267-536-1000 ext. 4 to make a report or submit one online at www.abingtonpa.gov/servicerequest.

Q: How can I get a copy of the plot plan for my property? A: In most cases, the Township will have a copy of a plot plan for your property. If you are having work done on your property and need a copy of your plot plan, contact the Engineering Department and we will be glad to see if we have one and get a copy to you.

Q: If I am building a shed or expanding my driveway, do I also need a Stormwater Permit?

A: Yes. Federal and State regulations state that we must follow strict MS4 guidelines. The Township requires MS4/ Stormwater Management for any property owner and project in which the applicant is proposing additional impervious surface. Projects where the applicant is constructing an impervious object or surface like a shed, addition, driveway, pool, walkway, or anything covered by impenetrable materials such as asphalt, concrete or most building materials, are an environmental concern because it eliminates rainwater infiltration and natural groundwater recharge and creates additional stormwater flow onto neighboring properties, streets and/or storm networks. If your project is under 250 s.f., the Township allows homeowners to use rain barrels as a means of stormwater control. Any project over 250 s.f., a more extensive stormwater management system will be required. For more information about any of the MS4 requirements, feel free to contact the Engineering Department.

#### **FINANCE**

#### Q: Where do I find the Township's current budget?

A: Visit <a href="https://www.abingtonpa.gov/budget">www.abingtonpa.gov/budget</a> to view the current budget.

#### Q: When does the budget process begin?

A: The Township's fiscal year is January 1 to December 31. The budget is evaluated year round by the Township Manager with strategic planning of the Board of Commissioners being conducted in early spring and used as a basis and driver for appropriation decision making, and as a guide for the Administration, and subsequently all departments. The formal adoption of the Fiscal Year Proposed Budget is typically scheduled for a public meeting in November, with final and official adoption no later than December 31 of each calendar year.

# Q: What type of financial reporting does the Township undertake?

A: The Township prepares the Annual Comprehensive Finance Report which includes the financial statements and supplementary information under Government Accounting Standards Board (GASB) requirements for municipal governments.

#### Q: Who do I contact regarding delinquent user fees?

A: In January, the Township's Finance Department notifies property owners of delinquencies on User Fees. At the start of each new year, the Tax Collector forwards the list of unpaid sewer rent and refuse fees (user fees), from the prior year, to the Finance Department for collection. This amount is in addition to any notices received from Montgomery County Tax Claim Bureau. The letters direct delinguent property owners to call and arrange a payment plan. If these requests are ignored, the account will be turned over to an attorney (Portnoff Law Associates) for collection. This action is only taken on property owners not complying with a payment plan and could add significant costs to the bill. If you have received a notice of delinquency from the Finance Department on sewer rents and refuse fees, please call the Finance Department a 267-536-1049 for payment.

#### **WASTEWATER**

#### Q: How can I prevent my sewer from backing up?

A: You can reduce your chance of having sewer backup damage if you:

- Avoid flushing diapers, cleaning wipes, paper towels, or plastic products.
- Wipe all oil coated cookware with a paper towel and dispose in the trash prior to washing.
- Disconnect downspouts, floor drains, and sump pumps from the sewer. Sump pumps must be permanently piped out of the house to the yard, a seepage pit, or a storm sewer.
- Consider installing a check valve on drains located in the basement.

Tree roots can also cause sewer backup. Our maintenance program of sewer pipe flushing and sealing will keep tree roots out of mainline sewers which have had chronic root problems in the past. If you have large trees on your property, internal televising of old sewer pipes would be a first step to check if your sewer pipe may be susceptible to roots.

#### Q: How are sewer fees billed?

A: The sewer billing for each property is included on the annual Township / County tax bill that is mailed in February of each year. In the upper left hand corner of the form there is a separate line for "SEWER" with gallons and a \$ cost. Payment of the full tax bill will also pay the sewer and refuse user fees at the same time.

## Q: Do I need to contact any office to register for sewer service?

A: No. The sewer service is always "on" or available at all times. There is no need to contact any office to turn on the service

# Q: What are the limits of responsibility for maintaining and repairing the sewer line?

A: The maintenance and cleaning of the sewer line is the responsibility of the property owner for the pipes from the building to the sewer main in the street. If the sewer pipes in the street are cracked or fractured, Abington is responsible to repair broken pipes.

# Lead poisoning is 100% preventable.

Talk to your child's doctor about getting a blood lead test. Pediatricians recommend that children get a blood lead test at around the age of one, and again around the age of two. Children should be tested at their doctor's office or a laboratory. Medicaid, CHIP and private insurance covers blood lead testing for children.

# You can do a lot to reduce your child's risk of being lead poisoned:

- Keep children away from peeling paint.
  - "Wet wipe" hard surfaces like floors and windowsills at least once a week.
  - Foods high in calcium, iron, and Vitamin C can help keep your child healthy and lead free.
- Use caution when using children's toys and jewelry made in other countries. These items may contain lead.

# Parents, guardians and health care professionals can contact the Office of Public Health for more information:

# Montgomery County Oral Health Task Force

The task force is dedicated to improving access to oral health services.

Everyone should have a dental home. Regular dental care is essential to improving and maintaining both your oral and physical health.

Please be sure that you are talking with the dentist about your fluoride needs, particularly for children. There are various sources of fluoride and it is important to know that everyone is getting the optimal amount.

Use this guide to find a dental home and please comply with all the recommendations of your dentist and dental hygienist to ensure your oral health.

Reduced fares are available to riders who are willing to share their trip with other passengers. Persons 65 years of age or older are entitled to receive these trips and pay a significantly discounted fare. Funds from the Pennsylvania State Lottery pay 85% of the fare through a grant from the Pennsylvania Department of Transportation. For coverage areas, please see the map below.

# What if I am under 65?

There is also a more limited program available for persons 60-64. You may receive eight one-way local trips per month at a discount. For more information, call 215-542-RIDE (7433).

# How do I arrange for my trips?

Call one of the telephone numbers listed on the back of your ID card at least one day or up to 2 weeks in advance. Next day service is available if reservations are made before 3:30 p.m. the prior day. Shared Ride service may be limited to specific days and times.

Please allow plenty of time. The vehicle is allowed to come for you 15 minutes earlier or later than your requested pick up time.

As an option, TransNet can call you the day before and/or day of your trip. To opt into this feature, check the appropriate box(es) on the registration form.

# How do I pay for my trip?

Remember to bring your rider ID card and a second form of identification with you when you ride. The driver will ask to see it when you get into the vehicle. Payment of the fare is due when you board the vehicle. Exact change is required.

# Is passenger assistance available?

Basic service is curb-to-curb. Door-to-door service may be provided if necessary and it is requested in advance.

Special provisions can be made for persons needing a wheelchair or an escort. Please check the appropriate space.

Note: If an escort is checked off, you will be required to travel with your own personal escort each time you ride.
